

Erguen Oezcan

Senior Director of Sales for Renewable Energy

Erguen Oezcan is responsible for managing and expanding Trojan Battery sales in the solar and renewable energy markets in North America. He oversees establishing and achieving Trojan's key sales initiatives for its comprehensive line of deep-cycle flooded, AGM and gel batteries, as well as Trojan's new line of Solar AGM and flooded batteries.

Oezcan brings more than 20 years of experience to this position, which includes senior management positions at Hoppecke Batteries Inc. where he was responsible for developing the company's U.S. operations. While at Hoppecke, he held a variety of sales and marketing, as well as, executive management positions, which included being named president of the U.S. subsidiary which he established in New Jersey. His responsibilities included implementing the subsidiary's strategic plan to advance the company's objectives of expanding its presence in the U.S. market.

Oezcan received his master of industrial engineering degree from the University of Paderborn in Paderborn, Germany. He also holds certificates in lean and process management, as well as corporate management.
