### ***Trojan Battery Showcases Reliable Power Solutions for Oil & Gas Applications at Global Petroleum Show***

**SANTA FE SPRINGS, Calif., June 1, 2016** – [Trojan Battery, Co. LLC](http://Trojan Battery, Co. LLC) is exhibiting its advanced deep-cycle battery technologies at the [Global Petroleum show](#). Engineered to increase performance, reduce downtime and provide reliable power for equipment used in the oil and natural gas industry, Trojan deep-cycle batteries assist in achieving maximum well production and pipeline flow during the natural gas extraction process.

Visit Trojan's booth 4448 during the show June 7 - 9 at the Stampede Park in Calgary, Canada to learn more about the following [Trojan products and market strategies](#) for 2016.

#### **News Highlights:**

- Trojan [OverDrive AGM 31™](#) is engineered to withstand the rigors and abuse of deep discharge applications and harsh environments where fluctuating or extreme temperatures are common. OverDrive AGM 31 provides customers in the oil and gas production industry with the following benefits:
  - Maintenance-free convenience that require no watering.
  - A durable polypropylene case protecting against damage in heavy-service applications.
  - Rugged construction for improved vibration resistance.

- Superior recharge efficiency.
- Flame arrestor pressure vent for overall safety.
  
- **Additional Trojan AGM batteries** offered in the oil and gas market include:
  - [27-AGM](#)
  - [24-AGM](#)
  - [8D-AGM](#)

### **About Trojan Battery Company**

Trojan Battery is the world's leading manufacturer of deep-cycle batteries and a battery technology pioneer, having built the first golf car battery in 1952. Trojan batteries provide power for a wide variety of applications that require deep-cycle battery performance, including oil/gas, aerial work platform, airport ground support vehicles, floor cleaning equipment, golf and utility vehicles, marine/RV, material handling, remote telecom and renewable energy.

Founded in 1925, the company is ISO 9001:2008 certified with operations in California and Georgia. Trojan also maintains two of the largest and most extensive research and development (R&D) centers in North America, and added a third R&D facility in Sligo, Ireland at IT Sligo. These R&D centers are dedicated to engineering new and advanced battery technology. For more information on Trojan Battery Co., visit [www.trojanbattery.com](http://www.trojanbattery.com).
